While "Wolf Warrior 2" is blandly generic more often than not, there's something bracing about its patriotic fervor, which asserts that the Chinese will act in the best interests of the world's downtrodden, while the rest of the world just exploits them.

Here comes the Chinese Rambo: Watch this movie to know what all China is up to

The Chinese Rambo saving workers from his country in Africa makes it clear that China's global power play combines money and military.

NEW DELHI: If there were any doubts about China aspiring to take over from the US the role of the global cop, a hugely popular Chinese movie released last month has put them to rest.

Wolf Warriors 2, a military action drama, invents a Chinese Rambo to narrativise the country's new-found urge to lead the world after indications of Donald Trump-ruled US relinquishing that role.

An open book is shown from a top-down perspective, lying flat. The pages are a deep, rich red. Two pages are folded upwards from the center, meeting at the spine to form a heart shape. The background is a soft, out-of-focus bokeh of warm, golden-yellow and orange lights, creating a dreamy and celebratory atmosphere. The text "Vielen Dank!" is centered over the heart shape.
